To Whom It May Concern,

In 2014, the Sport & Fitness centre at Warwickshire College Group agreed to hire the astro pitch to Mark Weller from UK Segway Polo. We were delighted to have a new sport being played regularly at our centre.

In April 2015, we worked with UK Segway Polo to organise the first international tournament in the UK. The tournament was a great success and there were no issues with the segway's being used on the astro turf pitch. There have also been no issues with any long term damage to the pitch since UK Segway Polo started hiring the venue over a year ago.

Today, we continue to support and welcome the use of segway's for practises at Warwickshire College Group

Yours faithfully

Jen Johnston

Sports Facility Duty Manager
